AFIA CAR RENTAL CODE OF PRACTICE

1 POST RENTAL VEHICLE DAMAGE RECORDING PROCEDURES

- 1.1 Our members will take reasonable steps to conduct a post rental inspection in the presence of their customers and allow them to take photos of any damage to the vehicle.
- 1.2 If a customer notifies our member they do not wish to wait or if they have left the rental station, our member will use their best endeavours to conduct that inspection within four hours of the return of the vehicle or if the vehicle is returned after hours, within four hours of the rental location opening for business.
- 1.3 Our members will use the AFIA Fair Wear and Tear Guide – Car Rental that reasonably distinguishes between fair wear and tear and damage caused during a rental.
- 1.4 If any damage is detected in a post rental inspection, our member will review their records to ascertain whether the damage is new or pre-existing and if it is new they will:
 - (a) if the customer is not present, contact the customer;
 - (b) photograph the new damage;
 - (c) store the photographic evidence of new damage so that it is readily accessible in the event of a customer dispute; and
 - (d) obtain itemised estimates and an assessment of the new damage cost.
- 1.5 Our members will supply their customer with supporting documentation to substantiate repair or replacement costs or estimates to ensure that all charges are transparent and have been applied in a reasonable and proportionate manner.
- 1.6 In all communications, our members will provide contact details for their customers to obtain further information about any damage detected in the post rental inspection.

2 CREDIT CARD CHARGING PRACTICES

- 2.1 Members will provide their customers with clear justification for any end-of-rental charges that have been raised, together with details of how they have been calculated.
- 2.2 Our member will only debit their customer's credit card (or debit card, where our member has approved the use of a debit card) with the customer's authorisation and our member will ensure their rental contract or agreement has a specific authority permitting a customer's credit card or approved debit card to be debited within a reasonable time of:
- (a) any damage being detected;
 - (b) a vehicle being identified as stolen or missing;
 - (c) a claim for third party loss;
 - (d) a claim being sent to a member for an infringement, fine or toll during the period of rental; or
 - (e) a claim for an accident being lodged.
- 2.3 When debiting a customer's credit card or approved debit card for an accident or theft claim, acting reasonably, our member will take into account the circumstances under which the claim has arisen, including whether:
- (a) the customer has admitted liability to our member for the accident;
 - (b) the accident has resulted in major damage and it is reasonable for our member to expect the damage cost and third party liability greatly exceed the customer's liability under their rental agreement;
 - (c) it was a single vehicle accident;

AFIA CAR RENTAL CODE OF PRACTICE

- (d) the vehicle has been stolen;
- (e) there has been third party loss; and
- (f) whether the customer has committed a material breach of our member's rental terms and conditions.

2.4 Single vehicle accidents

If damage to the rental vehicle is caused in an incident where no other vehicle or third party property is involved, our member will debit their customer's credit card or approved debit card for the *lesser* of:

- (a) their damage liability fee/excess/single vehicle accident fee (if applicable) payable according to their customer's contract; or
- (b) the repair cost if the vehicle is repairable or the total loss value of the vehicle if it is not.

2.5 Thefts

If the customer reports the rented vehicle has been stolen our member will be permitted to debit their customer's credit card or approved debit card for the damage liability fee/excess payable according to their contract. Our member will make proper enquiries with the relevant authorities with a view to recovering the vehicle. If the vehicle is recovered our member will refund the amount of the damage liability fee/excess subject to any deductions for damage arising from the condition in which the vehicle is found as a result of the theft.

2.6 Accidents involving third parties

- (a) If a customer reports in writing that a third party has been involved in an accident, our member will take reasonable steps to determine fault and where practicable, obtain an admission from the third party's insurer.
- (b) If our member obtains that admission and their customer is ordinarily resident in Australia and has an Australian driver's licence, our member will not debit their customer's credit card or approved debit card.

AFIA CAR RENTAL CODE OF PRACTICE

- (c) If:
- (i) *acting reasonably our member regards their customer as being the party at fault or they do not obtain an admission of fault from the third party's insurer; or*
 - (ii) *their customer is not ordinarily resident in Australia,*
- our member will:*
- (A) make a reasonable estimate of their customer's liability for the overall loss; and
 - (B) debit their customer's credit card or approved debit card for the lesser of that estimated loss or the damage liability fee/excess payable according to the customer's contract.

2.7 For accident claims arising under clauses 2.4 and 2.6 the customer's credit card or approved debit card will not be debited until copies of the assessment, repair, towing and assessing invoices or estimates and photos of damage have been supplied to the customer unless:

- (a) the customer accepts liability for the accident; or
- (b) it is reasonably likely the damage and any third party loss will exceed the customer's liability agreed to under the rental agreement.

2.8 When supplying supporting documentation, our member will supply their customer with contact details if further information is sought about repair or replacement costs or other debits to a customer's credit card or approved debit card.

2.9 In the event of a successful recovery from a third party or the successful defence of a third party claim, our member will refund any damage liability fee/excess to their customer after taking into account any reasonable agency or legal costs incurred. The refund will be on a pro rata basis if the recovery or defence are only partly successful.

AFIA FAIR WEAR AND TEAR GUIDE

All AFIA Rental Group Members constantly strive to provide vehicles of the highest quality. To help them do so it is important that you take reasonable care of your vehicle so that AFIA Rental Group members can continue to provide high quality vehicles to their customers.

Before an AFIA Rental Group member's vehicle is rented, any existing damage, with the exception of fair wear and tear, is identified and recorded. AFIA Rental Group members encourage you to perform your own inspection and you are also invited to take a time stamped photograph of any pre-existing damage before leaving the rental location. If you detect any damage to the vehicle and it has not been recorded on the rental agreement, you should notify a member of staff before you leave the rental location so that this additional damage can be recorded and your rental agreement reprinted and signed. Failure to do so may mean that you lose the right to dispute that damage to the vehicle occurred during your rental.

Please make sure you have read and fully understand this AFIA Car Rental Fair Wear and Tear Guide before you drive away. The distinction between reasonable fair wear and tear and unacceptable damage is clearly outlined in this Guide.

Damage caused intentionally or by gross negligence is never fair wear and tear and is excluded from the damage cover that all AFIA Rental Group members offer to their customers.

You should always refer to the full Terms and Conditions of Rental for each AFIA Rental Group member for a full understanding of the exclusions that apply to your rental.

If you have any questions, please contact the AFIA Rental Group member directly or ask a member of staff at the rental location.
