

Budget 2020-21

The Economic Recovery Plan for Australia

The 2020-21 Budget advances the Government's plan for Australia's economic recovery.

The first phase of the Government's revised Economic and Fiscal Strategy is the COVID-19 Economic Recovery Plan. It reflects the Government's overarching objective to return Australians to work and boost prosperity as Australia emerges from the COVID-19 crisis.

This fact sheet outlines the key measures from the COVID-19 Economic Recovery Plan. This Budget provides \$98 billion of response and recovery support under the COVID-19 Response Package and the JobMaker Plan, bringing the Government's overall support to \$507 billion, over half of which is direct economic support.

JobMaker Plan

This Budget provides \$74 billion in measures under the JobMaker Plan to drive stronger economic recovery and drive down the unemployment rate.

The five-year JobMaker Plan focuses on driving sustainable, private sector led growth and job creation, recognising that a stronger economy will strengthen the budget and ensure Australia is well placed to respond to future shocks.

COVID-19 Response Package

This Budget includes \$25 billion in additional temporary and targeted support in response to the COVID-19 pandemic.

The COVID-19 Response Package continues to be tailored to each phase of the crisis. The Government has deployed temporary and targeted health and economic measures to support those in need, with additional support provided in this Budget.

2020-21 Budget – Summary of key policy measures^(a)

	2020-21	2021-22	2022-23	2023-24	TOTAL

Ageing and aged care ⁽ⁱ⁾	697	1	2	-	700
Other health response measures	133	56	2	-	191
Subtotal – health response measures	4,139	761	4	..	4,904
TOTAL – COVID-19 Response Package	23,319	1,085	171	64	24,639
Guaranteeing the essentials and other measures	3,789	4,681	2,725	2,047	13,242
TOTAL IMPACT OF DECISIONS SINCE THE JULY 2020 ECONOMIC AND FISCAL UPDATE	41,405	46,375	22,356	1,269	111,405

- (a) No sign before an estimate indicates a negative impact on the underlying cash balance. A minus sign indicates a positive impact on the underlying cash balance. '..' denotes not zero, but rounded to zero. Figures are rounded to the nearest million, and totals may not sum due to rounding.
- (b) The financial impact of this measure is estimated to decrease receipts by \$3.2 billion over the medium term.
- (c) Sum of Infrastructure Investment — Australian Capital Territory; New South Wales; Northern Territory; Queensland; South Australia; Tasmania; Victoria; and Western Australia.
- (d) The financial impact of this measure is estimated to decrease receipts by \$3.9 billion over the medium term.
- (e) These measures have a fiscal balance impact of \$15.8 million and raise the National Housing Finance and Investment Corporation's cap on total guaranteed liabilities to \$3 billion. The increased guarantee cap is reflected as a contingent liability on the Government's balance sheet.
- (f) This measure provides \$1 billion over two years, met from within the existing resources of the Department of Defence.
- (g) This measure provides \$6.6 million over the forward estimates, the costs of which will be met from within the existing resources of the Department of Foreign Affairs and Trade.
- (h) This measure aims to reduce regulatory burden to ensure a timely flow of credit and lower-cost resolution for financially distressed small businesses.
- (i) Refers to the measure on page 94 of Budget Paper No. 2, which is net of related receipts.
